

## Star of Hope Update

Our effort to stabilize the Star of Hope building was halted in mid-March and therefore, the scaffolding is still on the building. While this work was on-hold, we were able to achieve some other important business in preparation of our strategic planning effort.

We are pleased to announce that the construction crew will be returning to Vinalhaven on June 1<sup>st</sup> to continue their work, strictly following the COVID-19 guidelines of the CDC and State. We are committed to ensuring the safety of our workers and the residents of Vinalhaven. We will:

- Use our own transportation to and from the island
- Arrive and depart each day we are at work, rather than stay overnight
- Bring our own supplies and provisions
- Maintain proper distances and wear masks
- Keep the community updated on our progress
